

Duties of Attendants

- * Know the hazards of entry
- * Be able to recognize the effects of over exposure
- * Maintain accurate count of entrants
- * Remain outside of space during entire entrance unless relieved by another qualified attendant or to save his own life
- * Communicate with entrants to access conditions inside the space
- * Monitor inside and outside space to assure acceptable conditions
- * Summon rescue or retrieval personnel
- * Prevent unauthorized entry
- * Perform non-entry rescue as specified in rescue procedures
- * Perform no other duties that may interfere with attendant's primary duty
