PLAN . PROVIDE . TRAIN .

Three simple steps to preventing falls.

Fatal Falls in Construction (BLS data)

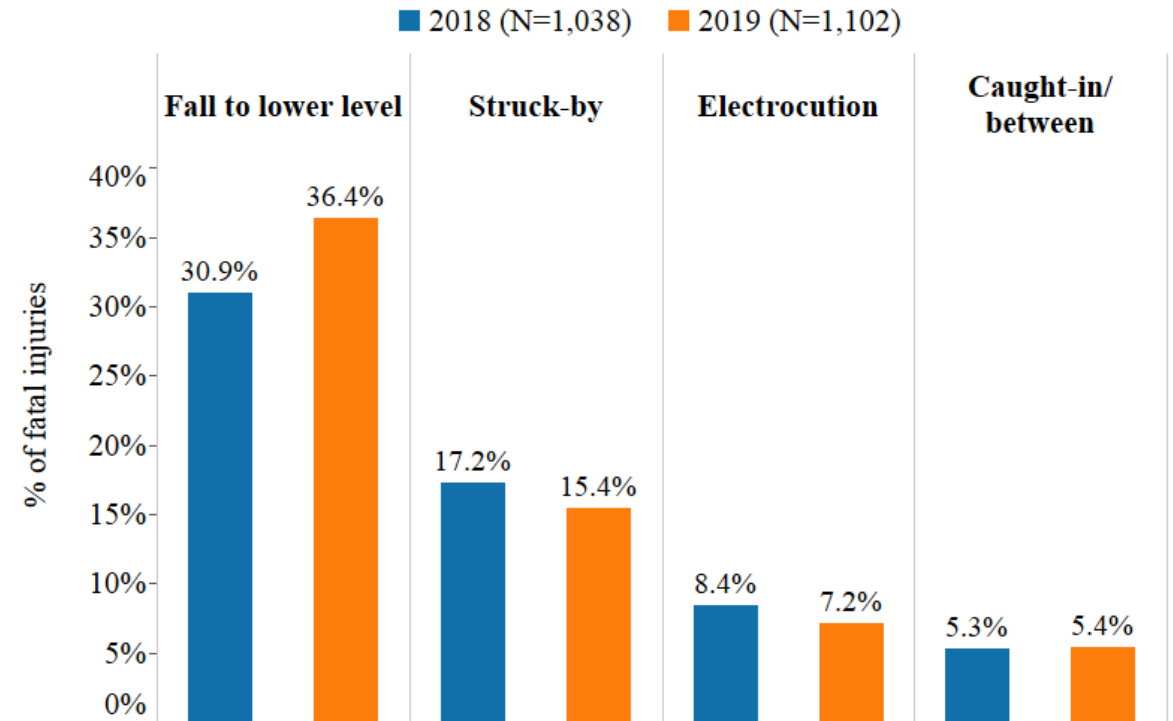

<https://www.cpwr.com/wp-content/uploads/DataBulletin-February-2021.pdf>

6. Number of fatal injuries caused by Construction Focus Four, 2011-2019

Source: U.S. Bureau of Labor Statistics, Census of Fatal Occupational Injuries.

7. Percentage of fatalities caused by Construction Focus Four, 2018 versus 2019

Source: U.S. Bureau of Labor Statistics, Census of Fatal Occupational Injuries.

May 3-7: OSHA-NIOSH-CPWR National Safety Stand-Down

Visit stopconstructionfalls.com for info and resources to participate (including free hardhat stickers and hazard alert cards) – in English & Spanish

- Upcoming & previously recording webinars
- Videos
- Toolbox talks & other training resources
- Infographics & jobsite posters
- Fall prevention & rescue planning resources for large and small contractors
- And more!

TODAY'S PANELISTS

- Thom Kramer, P.E., C.S.P.

- LJB Inc.
- TKramer@LJBinc.com
- Session Moderator

- Adam Rubin, C.S.P.

- Zachry Group
- RubinA@zachrygroup.com

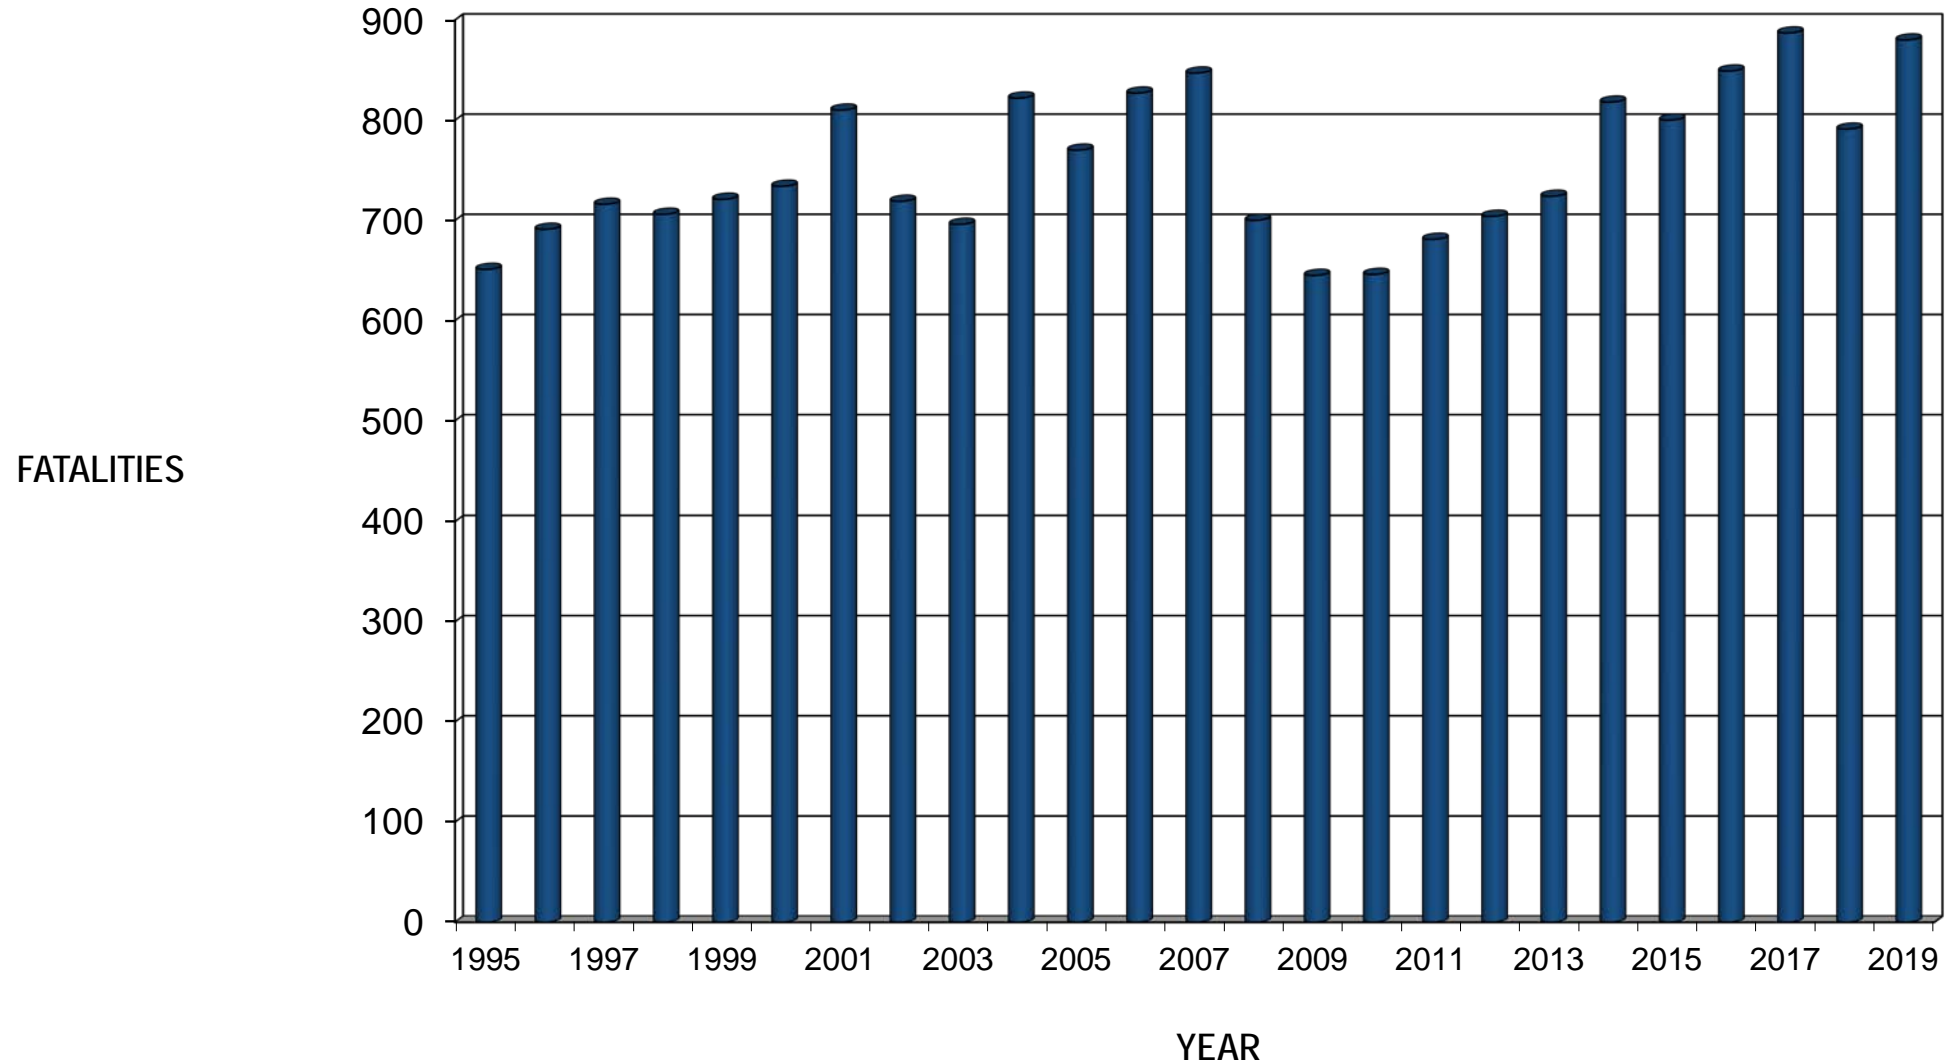

- Cory Gaye, C.S.P., CHST, SCTPP

- Wagman
- CAGaye@Wagman.com

- Dan Henn

- Reliance Industries

Newest ANSI Z359 standards

- 2019
 - Z359.12: Connecting components
 - Z359.7: Qualification and verification testing
- 2020
 - Z359.1: Fall protection code (**free download**)
- 2021 ballots and recirculation (**status**)
 - Z359.11: Full body harnesses (**approved on 3/18/2021**)
 - Z359.14: Self-retracting devices (**estimate 3Q 2021**)
 - Z459.1: Rope access (**estimate 3Q 2021**)
 - Z359.9: Descenders (**estimate 4Q 2021**)

MOVING FORWARD

1. ANSI Z359 Committee Mission

“Creating standards to reduce the number and severity of fall incidents”

Fall Experience Survey

*Complete and/or share the fall experience survey by **Friday May 14th!***

English & Spanish links: <https://stopconstructionfalls.com/fall-experience-survey-to-identify-root-causes-of-falls-from-heights/>

Goal of improving our understanding of underlying causes in order to:

- Inform ASSP/ANSI voluntary standards
- Create more relevant resources and materials in support of the Fall Prevention Campaign & Stand-Down
- Improve CPWR outreach and education efforts
- Influence future research on fall safety
- Share data with industry to improve collective fall prevention efforts

- ✓ Anonymous
- ✓ Option to provide contact info in a **separate** survey form for further discussion **(not linked to original survey responses)**
- ✓ Can be taken more than once for multiple incidents
