 - University of North Carolina
- Where do we need to go from here?
- Who else do we need to get involved?

Questions for Round robin Workgroups

- 1) Are you happy with the products of the WGs? Are there other products we should be working toward developing that we are not currently?
- 2) What groups or segments of the construction industry do we need more representation from?
 - Are there other groups or organizations that the WG chairs should invite to participate or engage with?
- 3) What do you feel is the optimum frequency and time for WG meetings?
