

STOP THE DROP!

PREVENT DROPPED OBJECTS WHEN WORKING AT HEIGHTS

REMEMBER!

- ✂ Secure tools and materials to prevent them from falling on people below. Smaller tools (less than 5 lbs) can be tethered to the worker.
- ✂ Use measures such as toeboards, screens, guardrails, debris nets, catch platforms, or canopies to prevent, catch, or deflect falling objects.
- ✂ Barricade hazard areas and post warning signs.
- ✂ Always wear a hardhat and routinely inspect it for damage.
- ✂ Inspect all tools and equipment before use. Hand tools with loose or cracked handles should not be used.
- ✂ Keep materials away from floor openings or leading edges.
- ✂ Train workers on the hazards and ways to prevent an incident.

STOP. TALK. ACT.
