

1. Ergonomic Survey focused on manual material handling.

- a. Survey results will inform the social marketing campaign.
- b. Survey contractors (any kind, all sizes, any US location). Send to CONDOR db, Masonry partnership, Carl Heinlein, Trade Associations (TAUB, SMACNA, AGC, NICA...), NORA sector council, purchase a panel of 50 contractor responses through Qualtrics, **Others?**
- c. **Survey delivered between Jan. 19-Feb. 2.**
- d. **All team members should trial the Qualtrics survey and add your name to the notes field within the next week. Send Eileen comments/problems.** https://berkeleysph.az1.qualtrics.com/SE/?SID=SV_dmTvvZ8OJcYLmBf.
- e. **Goal to receive a minimum of 100 responses.**

2. Develop a social marketing campaign.

- a. Lynda Bardfield will develop a social marketing guide for the construction industry. This ergonomics working group will help inform the content, and simultaneously work with Lynda to develop a social marketing plan for a pilot ergonomics campaign. Goal to have the pilot plan completed by the R2P workshop June 2016.
- b. Will use the survey results as a starting point for the materials.
- c. Will seek advice from Lynda for identifying a location to conduct the pilot (to begin after the June meeting). Select the group/location early enough to allow them to have input into the plan, but pilot after workshop June 2016.

3. Community of Practice around Ergonomics.

- a. Completed assembling resources, now posted on CPWR's website. **All should disseminate and make suggestions for additional materials.** <http://www.cpwr.com/research/r2p-construction-ergonomic-research-solutions>
- b. Next will develop a community of practice around ergonomics including a group of members interested in discussion about ergonomics in the construction industry.
 - i. Other consortium members,
 - ii. CA Bldg & Trades,
 - iii. Ohio Bureau of WC,
 - iv. SHARP,

v. Jason Maginnis from Boilermakers

vi ? **All should add potential members.**

c. Need to plan for the next steps of this effort-

i.to what extent should this group be included in the development of the social marketing campaign in ergonomics?

ii. how can we encourage an ongoing discussion about ergonomics within this group?

iii. how can we use this group to help broaden and sustain the social marketing efforts that are launched with the pilot campaign?

Next meeting February 1, 2016 (2:00 ET). Conference call -- [1-866-269-1952](tel:1-866-269-1952); conf code 5729727887#
